

# Report on the Umpire Clinic

**Shillong Cricket Association**

**29-30 Jan 2023**

The Shillong Cricket Association successfully organized a 2 days Umpire Clinic on the 29th & 30th January 2023, aimed at enhancing the knowledge, skills, and overall competence of umpires officiating in local tournaments. The clinic was conducted as part of the Association's continued commitment to strengthening the standard of cricket in Shillong through capacity building and technical development.

The programme brought together both experienced and aspiring umpires from affiliated clubs and from other District Association. The sessions focused on a comprehensive review of the Laws of Cricket, match management techniques, on-field decision-making, and professional conduct expected from match officials. Special emphasis was placed on understanding updates and interpretations in accordance with the guidelines of the Board of Control for Cricket in India (BCCI).

## **The clinic included:**

- Detailed classroom sessions on the Laws of Cricket and playing conditions.
- Practical demonstrations on signals, positioning, and on-field communication.
- Discussions on handling pressure situations and conflict resolution during matches.
- Interactive question-and-answer sessions to clarify doubts and share experiences.
- Assessment and evaluation of participants to gauge their understanding and readiness.

Resource persons (Mr. Lahiri, from West Bengal) and senior officials guided the participants through real-match scenarios, ensuring that theoretical knowledge was complemented by practical application. The clinic provided a valuable platform for exchange of ideas and reinforced the importance of consistency, neutrality, and professionalism in umpiring.

The initiative was well received by participants, who expressed appreciation for the opportunity to upgrade their skills and align themselves with standardized officiating practices. The successful conduct of the Umpire Clinic reflects the Association's proactive approach towards improving the quality of officiating and promoting fair play in all competitions.

The Shillong Cricket Association remains committed to organizing such developmental programmes in the future to nurture competent officials and uphold the spirit and integrity of the game.
